

Education programs in Malaysia

What is preventing Albanian students to study abroad? High school fees? The Visa? Expensive accommodation?

And why do Albanian students to study abroad? For a better diploma? To distinguish themselves in this competitive market? To build a different career? Or to achieve up to date knowledge and real skills? Is it altogether????

Of course it is! It's a dream for every Albanian student to study abroad, but the factors mentioned above are a big obstacle...

But there are some places where Albanian students are more than welcomed and where these obstacles are overcome. This is exactly what ande-lm® would like to present you. **Malaysia!** A country which has been part of the Commonwealth and has been a British colony for centuries till 40 years ago.

Actually the best schools of USA, Britain, Canada, Australia and even New Zeland have their branches in this country. The diplomas are exactly the same and you can gain dual diplomas – meaning Malaysian diploma and the respective UK/USA/Swiss/Australian etc. diploma – but the school fees and accommodation prices are much cheaper! Actually so cheap that it would cost you less to finish an US/British university in Malaysia than in a casual private university in Albania!

What else do you find in Malaysia?

1. A Very Technological and Industrial Developed Country;
2. Formally an English Speaking Country;
3. No visas to enter Malaysia for Albanian Citizens;
4. 1/4 only of total financial expenses compared to all other countries;
5. Start dates opened all year round;

Warm and sunny weather all year round! You don't call your school a "Fall Intake", you simply say September Intake, because there's no Fall there! And this is so cool!!!!!! ☺ Everything is clear! The opportunities are limitless!

Hurry up to apply at info@ande-lm.com.al by specifying 'Study in Malaysia' email subject to profit the education of your dreams with a fantastic price!! You may feel free to set an appointment and come along with your parents for more information and your study field choice! Our team welcomes you from Monday – Saturday!

Afterwards, you just pack and leave... freely!
